B. Legal Framework, Corporate Governance

Our country established laws designed to prevent money laundering and terrorist financing and our institution is subject to such laws. Our institution established written policies designed to combat money laundering and terrorist financing, including measures to obtain information about the true identity of our customers. The policy is applicable to the headquarter and all branches.

Our AML-Policy is also based on

- Guidelines issued by the FATF (Germany is a FATF member country)
- "Directive of the Council of the European Communities on the prevention of the use of the financial system for the purpose of money laundering" (Directive 2005/60/EC of the European Parliament and of the Council of 26 October 2005 and the following Directives)
- The "German Money Laundering Act" (Geldwäschegesetz)
- Relevant guidelines issued by the Federal Banking Supervisory Office ("Bundesanstalt für Finanzdienstleistungsaufsicht") as banking supervision authority in Germany
- German Banking Act (Kreditwesengesetz)

We have not been subject of any civil or criminal enforcement actions resulting from violations of antimoney laundering regulation.
